

COFFEE EXHIBITION IN SHENZHEN – JULY 21, 2018

In the flush of success from the Press Conference on July 19, 2018, Shenzhen Qianhai Glorious Creation honorably organized the Coffee Exhibition in Nanshan, Shenzhen on July 21, 2018. Our goals in this Exhibition is not just only to introduce the Vietnamese agricultural products to Chinese consumers but also to open up a new chance for the development of our two-way cross-border trading business.

In this Exhibition, we chose Vietnamese southern and central agriculture to be the focus with Dalat City as the symbol for this time performance. The Exhibition occurred with two principle contents: one is to let visitors enjoy the features of Dalat coffee as well as other agricultural products and the other is to let them explore traditional culture and custom of Vietnam through our intimate and interesting short demonstration.

The preparation and decoration was fulfilled before the duration of exhibition.

We had a short demonstration on agriculture of Vietnam in general and of Dalat in particular.

Visitors were attracted by the performance of coffee-making with filter – a Vietnamese traditional coffee making method.

Visitors were excited to gain more and more information about our products.

Visitors enjoyed our specialty coffee with joy and excitement.

Thanks to our Glorious members' efforts as well as our valued visitors' enthusiastic participation, the Coffee Exhibition on July 21 ended with full of success and happiness.

A small shot with our friendly participants after the exhibition

This event does not only create a meaningful achievement for our pride but also plays a big trust for many more valuable and bigger victories in our Glorious Creation Group's future.

Last but not least, special thanks to all Glorious' members and partners for every beautiful thing!
